Dear Connecticut Educator:

Congratulations upon earning your Connecticut certificate

Attached is your Connecticut certificate. This certificate is an official document which authorizes you to be employed as an educator in a position requiring certification by a Connecticut board of education including public schools, regional educational service centers, unified school districts, cooperative arrangements established pursuant to Section 10-158a of the Connecticut General Statutes, the vocational-technical school system, approved private special education facilities, the Gilbert School, Norwich Free Academy and Woodstock Academy.

Check the term of the certificate, social security number, the spelling of your name, and the endorsement(s) printed on the certificate. If you believe there is inaccurate information, please notify us in writing stating the specific error. When corresponding to the Bureau, please include your full name, current address, social security number, and your telephone number(s) with the times you can be reached.

Carefully note the effective and expiration dates of the certificate. The certificate is valid only until the expiration date shown. It is your responsibility to file an application prior to the expiration date of your certificate. You may not receive additional notification from this office concerning its expiration date. Please be aware that if you should allow your Connecticut certificate to expire, you will need to meet all requirements in effect at the time of application, including tests.

On behalf of the State Board of Education, we wish you every success in your professional career.
